

Who Will Pay For Needed Infrastructure?

***Norman Pedersen
Southern California Generation Coalition***

- Interstate Capacity:
 - EGs support expansions financially.
 - Example: LADWP:
 - Kern River: 112 MMcf/d (pre-existing);
37 MMcf/d (expansion).
 - El Paso: 36 MMcf/d.
 - Mojave: 50 MMcf/d.
 - Kern River 2003 expansion:
 - Substantial EG subscriptions.

- Unneeded Interstate Capacity:
 - 406 MMcf/d SoCalGas unneeded capacity:
 - Cost borne by SoCalGas noncore.
 - Turnback capacity: ECPT.
- Intrastate Capacity:
 - 1990s: Policy: incremental pricing.
 - 2003: Roll-in:
 - Illustration: Line 6900.
